Administration

Dear Students:

It is with sincere pleasure and gratitude that I salute you for the fine work that has been done in the completion of your 1954-55 Yearbook. The experiences that we have gained in this co-operative effort have made us more aware of the necessity of working together toward a common goal. May we forever strive to make our school and community better through continuous efforts for greater growth.

Sincerely,

W. C. Palmer

As one with deep concern and sincere appreciation for a job well done, I wish to commend the Annual Staff, Faculty and Student Body for the fine spirit of cooperation that has been responsible for making this one of our best school years.

The better things in life always have a high price tag. If we are to go forward in life we must be willing to work hard and make many sacrifices. Even though the future may seem a little uncertain at times, I feel sure that if each of you will accept your responsibilities in life and keep your thoughts directed toward the opportunities of the future that life holds much in store for you.

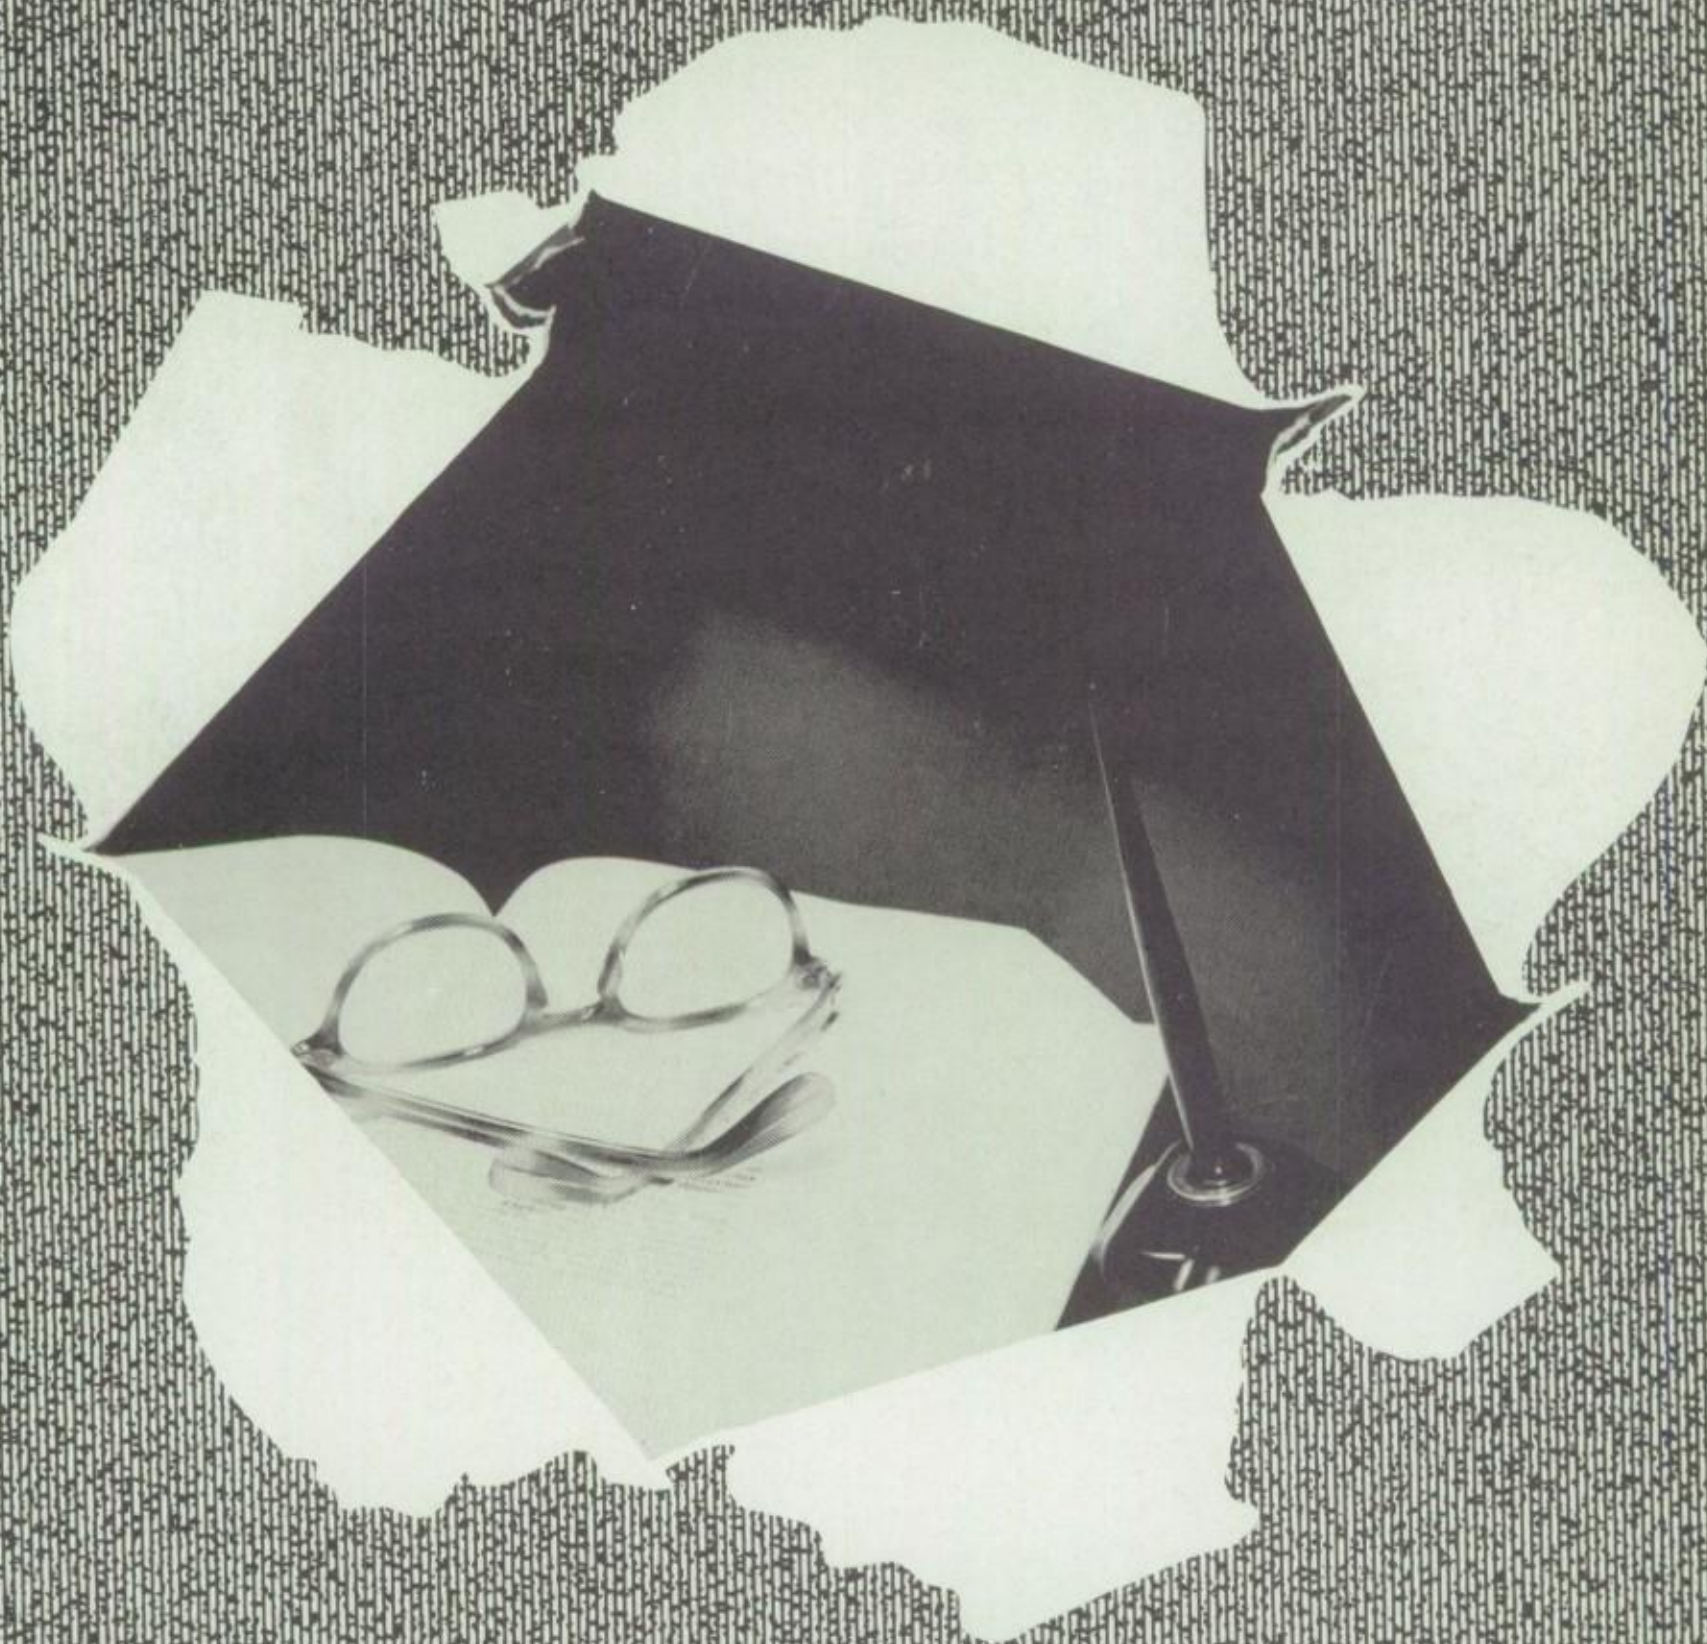

It has been a pleasure for me to work in the Dermott High School this year. My very best wishes to all of you.

H. B. Patton
